Rabin Is Selected As New Mayor Of Belle Glade City

Commission Splits On Choice
New Dist. Commissioners Are
Named; No Selection Made
By New Incumbents

By action of a majority of the members of the new City Commission, Harold Rabin, was named Mayor of the City of Belle Glade, at the re-organization meeting of that body, on Wednesday night by a 3 to 2 vote. Commissioner Frank Dooley nominated Julius Harris. The vote lined up: For Rabin, Lloyd Collins and Rabin; for Dooley, C. W. Crosby and Walter Collins.

When it came to selecting the Police Department Commissioner, Harris nominated Dooley, and Lloyd, Rabin. Rabin was chosen for the position by a similar 3 to 2 vote as that for the Chairmanship and Mayor.

Other selections in the organization were up to a majority of the unanimous chamber, which were: Vice Mayor and Treasurer, and Street commissioner, J. J. J. Harris; Police, Harold Rabin; Building and Sanitary, Walter Collins; Waterworks, N. D. Lloyd; Park and Fire Department, Frank Dooley.

City Solicitor H. D. Beck, who had been elected chairman, had capacity for the past 18 years, presented his resignation effective on September 30th, and same was accepted without comment. The term of Jack O. Johnson, who had been in charge of the filling of this position, by common consent, was left open until the meeting of September 28th.

City Clerk A. L. Wallis, being under proposed civil service protection in that position, was named as City Tax Assessor and Collector for the coming fiscal year.

Police Justice George Williams was present and performed the swearing in of members of Commissioners Lloyd, Collins, and J. J. Harris for the next two years. Each of them also subscribed to the loyalist oath, and declared themselves non Communists or members of any party with party affiliations. Justice Williams did not address the Commission, ala Tedder, but simply said, "Congratulations and Good Luck."

Commissioner A. J. Richmond, retiring after one term on the Commission, turned over his seat to his successor, Collins, with whom he had served Richmond during his term of office had served as Sanitary and Waterworks Commissioner and was an alternate member in his positions.

Prior to the reorganization program, the old commission had some pending business to enact before it recessed, and Clerk Wallis read the bills and presented the papers.

Free Golfing Instruction

Last Saturday at regular Pot Luck Luncheon today will be treated to a free period of group instruction by "Frosty" Peters, Grace Aspey and Mae Baird.

Frosty is already demonstrating exceptional ability in teaching beginners at the game as well as seasoned players who need refresher courses.

At the Tuesday Golfer's Day, last Friday, Mr. Peters' free instructional period started, and resulted in better golf as well as more pleasurable competition.

Mr. Earl Fowler from Sanford to act as assistant to Frosty. Earl will hold down the club house while Frosty goes golfing hunting.

Chow Mein Dinner Saturday

Louise Rhodes and Katherine Weeks and Evelyn McKee will be hostesses tomorrow night. Dining is planned to be at the Clubhouse with Frosty going golfing hunting.

Family Night dinner will be served, as usual, at 7:30. Men's dinner is to be a salad, dessert or vegetable.

Jupiter Defeats Stuart In Post Play-Off Game

Official of the West-Glades Baseball League, of which the Belle Glade Independents were a member, called off the season rather abruptly, to prevent travel and expense to the teams. There were several postponed games that could not all be played in time to permit play-off series.

Under this ruling, Stuart for the north and Belle Glade, the south, The Ramblers, Lake Worth, second; Jupiter, third; and Pompano fourth, and Belle Glade, sixth.

In the first of the play-off games at Stuart, Sunday, the Jupiter Iads sprung a surprise of the Saltfish Team by handing them a 10-2 victory by the score of 11 to 7, thus eliminating them from competition in following play-off contests.

Farmer's Co-Op Has Fine Record For Its Year's Operation

The remarkable progress of the Belle Glade Farmers Cooperative in the short space of two years of its operations is tribute to the industry of its members and the able direction of its officers and directors.

Organized in 1947 with less than \$5000 in capital, the Co-operative at the end of the fiscal year of June 30, 1949 showed a total assets of \$11,794.82 and a net worth of \$93,753.44.

In the 1948-1949 season the Co-operative handled a total of 687,843 packages thru its facilities in all vegetable groups in Belle Glade.

Various plans are in the making for the future savings and economy of operations for the next two years. Each of them also subscribed to the loyalist oath, and declared themselves non Communists or members of any party with party affiliations. Justice Williams did not address the Commission, ala Tedder, but simply said, "Congratulations and Good Luck."

Commissioner A. J. Richmond, retiring after one term on the Commission, turned over his seat to his successor, Collins, with whom he had served Richmond during his term of office had served as Sanitary and Waterworks Commissioner and was an alternate member in his positions.

Prior to the reorganization program, the old commission had some pending business to enact before it recessed, and Clerk Wallis read the bills and presented the papers.

Pioneer Co-Op Have New Men In Its System

Glades Farmers Now Getting Busy With Seeding Chores. Plants Being Prepared

With prevailing good weather for farm planting, each day sees more and more of the farmers in the field, and especially in the fields busy at farm work. Planting is becoming general work and by the end of the month most of the early planting will be completed and the fields in excellent condition and no bad reports from the recent hurricane.

The New York Parker, nation famous for its products, has the following story about a pioneer Belle Glade organization, as follows:

The Pioneer Growers, one of the oldest and best known of the shipper organizations in Florida's Lake Okeechobee district, announced recently reorganization as a co-operative and important actions in its personnel.

Pioneer Growers Co-op, which in past years has been known as Pioneer Growers, Inc., reorganized at the end of the fiscal year of 1947 with less than \$5000 in capital, the Co-operative at the end of the fiscal year of June 30, 1949 showed a total assets of \$11,794.82 and a net worth of \$93,753.44.

In the 1948-1949 season the Co-operative handled a total of 687,843 packages thru its facilities in all vegetable groups in Belle Glade.

Various plans are in the making for the future savings and economy of operations for the next two years. Each of them also subscribed to the loyalist oath, and declared themselves non Communists or members of any party with party affiliations. Justice Williams did not address the Commission, ala Tedder, but simply said, "Congratulations and Good Luck."

Commissioner A. J. Richmond, retiring after one term on the Commission, turned over his seat to his successor, Collins, with whom he had served Richmond during his term of office had served as Sanitary and Waterworks Commissioner and was an alternate member in his positions.

Game Commission Drew Fireworks By State Senate

People or bodies who automatic with their powers, quite often get caught up in their own net, and that is what has happened with the State Game and Freshwater Fish Commission. The Senate at Tallahassee has ordered an investigation of the Department, as it is salaries, operating expenses, scientific studies and market surveys, its policies and practices.

Members of the Senate claim that the Commission was acting in an amateurish manner against the interest of people and against the best interests of conservation, and maintained to much of a "public be damned" attitude, and that the commissioners had been corrupted by the money power.

The members of the Senate claim that the Commission was acting in an amateurish manner against the interest of people and against the best interests of conservation, and maintained to much of a "public be damned" attitude, and that the commissioners had been corrupted by the money power.

Commercial fishers of the state are hoping that this investigation will bring about some relief to them, as the Commission has held a stiff hand on them for the past four years, practically demolishing the fishing interest and their business, and in turn, the Lake Okeechobee are now but a shell of its former prosperous activity.

The recent storm, according to the Commission, killed thousands of fish in Lake Okeechobee, as the banks and streams leaving into the lake are covered with dead fish of every size and type, showing the most destruction. Too much sediment in the water is the cause for the smothering of the fish.

Rev. Leonard Wadewarter, the pastor, and Vernie Boots, chairman of the Building committee, will make the angular walk to meet the commissioners for the first piling drive, which will be preceded by short but proper ceremonies for the occasion.

The Building committee pre-

Fatal Accident Occurs Near Fort Drum Killing Pier Fierce Farmer

J. Earl Fowler, an employee of the Barfield farms at Ft. Pierce was killed north of Ft. Pierce by a mule and white horse.

The mule, which had been driving a team of horses, was running away from the teamster, and the teamster, who was driving a team of horses, was running away from the mule.

Passengers in a car which Fowler had passed a few minutes before, found the wreck near the dead man along the highway. The driver of the car took the news into Okeechobee, and soon Road Patrolmen were on the scene of the accident.

Fowler leaves a wife and several children to survive him.

Parents Meet Monday Night

The Band-Parents Association will meet Monday night, September 19th and 8:00 P.M. at the Belle Glade High School.

New uniforms will be on display and parents will be led in a fine fashion for the year will be discussed.

Continued on page 8

Planting Program Most Important To The Present Season

Production planning for the 1949-50 season is one of the most important phases of the complex fruit and vegetable industry to be covered during the annual convention of the Florida Farmers and Vegetable Association, in Sarasota on Sept. 14, according to LaMonte Grav, FFVA manager.

"Production planning in its simplest form is the adjustment of commercial production to anticipated consumer demand,"

he said, adding, "Based on an amount of Illinois, Randall Dickinson, who had been appointed state presider over the election, the election board has filled for the year a score of years, and this is the first time he has missed since the election presider was created. He was unable to serve on account of illness.

"This involves the preparation of the market for the coming year, the adjustment of production to meet consumer requirements at a fair price, with a just profit for the grower."

"For instance, the present crop of citrus is the largest ever produced,

and we must have a large amount of citrus to be marketed," he said.

New uniforms will be on display and parents will be led in a fine fashion for the year will be discussed.

Local Elks Will Enjoy Oyster Fry Early In October

Members of Belle Glade Lodge of Elks in the early part of October are to have a stag night and on the occasion of the Copeake Bay oysters from the Salisbury, Md., fishing grounds will be the dish to be enjoyed.

Cooperating with the Elks will be the members of home town militia, who must have had at least one year's previous experience. How many times the flag is displayed at the meeting of the Elks will be determined and issued to the boys.

The Unit is already on duty before school at recesses and is in balance, we have the ideal situation," Grav added.

Sonian Tickets Ready For Sale Wednesday

Coches Leavitt and Mayne are in the school athletic field and are re-opening the gates to the public.

Tickets will be sold in order of application, so those who have reserved seats for the season should watch for places of sale.

Collins Defeats Richmond For A Commission Seat

It was Municipal election day on Tuesday for Belle Glade and 436 out of the 1008 electors appeared to cast their vote for the three city commissioners.

In his race, W. L. Collins won over the present incumbent A. J. Richmond, by a vote of 240 to 183 in the central borough. Collins is well known electrician and merchant.

Major Nixon Harris, of the Northboro, had no opposition for re-election so he led the race with a vote of 100.

The winner in the Westboro was a bit closer than most people thought it would be, at the present Commissioner N. D. Lloyd won over his opponent E. C. Revels, by a vote of 218 to 170.

Coach Field has been successful in filling one of the open dates on the local schedule for October 28th, at Miami.

He has agreed to establish a blood bank at local hospitals, or becoming contributing agents to the nearest hospital where such blood is needed.

This activity has been brought to the attention of the Belle Glade Lions Club, which is interested in the project.

He has agreed to receive contributions such as the Good Samaritan reserve, but arrangements could be made, for more hard utilization for people that might be patients at the hospital.

This will be a great service to the community, and the money will be used for the benefit of the hospital.

Supt. Ernest Field, appeared before the Lions Club and spoke on the blood bank problem.

He explained the importance of such a bank, and the methods of exchange between hospitals, and the need of keeping an ample supply of various types of blood on hand.

When demand and production

of Bellford Pelka. Already a number of candidates have been selected and are awaiting pending action, for a class soon to be initiated.

Sugar Cane Loss To Be Nominal

Charles E. Wetherell, president of the United States Sugar Corporation, estimates the over-all losses to be about 10 percent from the recent hurricanes, work force and equipment.

Mr. Wetherell reported this figure might even be reduced due to the fact that the storms came early and the cane had not yet come into full bloom.

Constable Ray Whitlock asked that all persons be warned that you may not pass a school bus when the flag is displayed at the front of the bus.

Contable Whitlock said the penalties are severe and will be exacted because you may SAVE A LIFE.

It is in balance, we have the ideal situation," Grav added.

Schedule

Sept. 23—New Smyrna Bch. * Oct. 7—Okeechobee **

Oct. 14— Ft. Pierce *

Oct. 21—Lakeland *

Oct. 28—Miami Beach *

Nov. 4—South Broward *

Nov. 11—Lake Worth **

Nov. 18—Delray Beach *

* Home games ** away games.

Games played away.

The lads will testify that they will be giving everything in the way.

The coaches only have 24 regulars on the field, and 10 of them are determined to make the '46 team, and some are but limited number of new and emerging candidates to make up the next team.

Leaders from last year are Bill Burke, an tackle; Howard Hill, Travin Poole and Ross Winnie; guards; Vanece Green, and Eddie Jackson; ends; Leon Burris; and three halfbacks, men; Tommy Williams, Alvin Leeks and Joe Revels.

New line men are Charles James, C. W. Crosby and Joe Revels; while the backs include Joe Stevens, D. C. Nelms and Wilford Markham. The average weight of the players will be 170 pounds.

Belle Glade Hospital's Financial And Physical Structure Satisfactory

Mobile X-Ray Unit To Visit Glades Only For Special Service

Board Chairman Rabin Tells Lions Of Status Of "Our" Hospital

As Chairman of the Southwestern Hospital Board, I find that there has been no great phase of hospital work. In fact, there are so many I've had quite a job selecting my topic for today. We Board Members became acquainted with the hospital in 1947, when we were invited to see the physical plant of the hospital, and I am still here to speak of the financial and physical structure of the hospital.

As you all know, the Belle Glade Hospital was first constructed and operated by the Government. Its services was to be given to the Negro population. On September 1, 1947, the Western Palm Beach County Public Hospital Board came into being to take care of the Negro population.

We have gone a long way since then in medical services, hospital facilities, and net worth. As we look at our hospital, with its services to the community, its modern facilities, and its beautiful grounds, we should feel proud.

To me, a hospital is a decided asset to a community. Services such as a dental clinic, a school, a hospital, and a clinic are all important to the health of the community.

For instance, the hospital is a great asset to the community. For instance, the hospital is a great asset to the community. For instance, the hospital is a great asset to the community.

The loss was severe in various plantation villages, particularly in the northern portion of the state, where buildings were knocked down and roofs badly damaged. Newport Industries suffered severe damage to their plant at plantations in the northern portion of the state.

The main house was blown down and several other buildings damaged.

Make The Comparison

The whole concept of the Welfare State—in which the government would theoretically do everything for everybody, and no one would have to do anything for himself—is based on the concept that the traditional American system, with its emphasis on individual initiative and responsibility, is wrong.

Winston Churchill recently touched on that idea in these telling words: "It must occur to sensible people to ask themselves how it is, if this American system is so wrong, that the American democracy of 140,000,000 hard working people are able to live comfortably at a far higher standard of life than we are—and how is it possible for our burden?"

A prime example of the welfare state philosophy is found in the drive to fasten government compulsory medical insurance on everyone in the country. That is what they want it. The same trend is now spreading in New Zealand and the U.S.A. where similar schemes are in effect, overwhelmingly proves that the standards of medical care go down and the cost of medical service goes up—largely because of the top-heavy political bureaucracy that is rated responsible for the scheme. Otherwise, Atlantic Wills won the World's Women's Championship, and Calvin Peacock, a ninth-grade boy, set a new world's water ski record.

Everyone has journeyed to Milan, Italy where they gave a special Water Ski Show for the Maharajah of Djinipat, touring the Riviera and other sections of the show, were given the highest honors by the visiting United States and Florida in particular.

Then hurrying back to the States, the skiers arrived at Toronto, Canada just in time to join other Cypress Garden stars and stage a Water Ski Show at the Canadian National Exhibition. At a gat \$25 each, So Florida's Dick Page, not content with being America's No. 1 water skier, has branched out into the field of competition with Billy Rose in the production of novel and sensational outdoor shows and Florida high school boys and girls are learning the game as they stage shows daily for the thousands of visitors who visit this famed attraction.

Twenty-one all star Aquamaid are playing to capacity crowds in the great aqua-theatre, and the women will be the center rank in the Billie Burke Aquacade at the New York World's Fair from the standpoint of thrill-packed entertainment.

Twenty-one all star Aquamaid are playing to capacity crowds in the great aqua-theatre, and the women will be the center rank in the Billie Burke Aquacade at the New York World's Fair from the standpoint of thrill-packed entertainment.

In the meantime, the "show goes on" at Cypress Gardens, and other Florida youngsters are learning the game as they stage shows daily for the thousands of visitors who visit this famed attraction.

Twenty-one all star Aquamaid are playing to capacity crowds in the great aqua-theatre, and the women will be the center rank in the Billie Burke Aquacade at the New York World's Fair from the standpoint of thrill-packed entertainment.

Practically every metropolitan newspaper in the country has had Cypress Gardens pictures; they have graced the covers of the nation's magazines, travel journals and house organs. Hundreds of thousands of feet of motion picture film have been shot and every town in the country, at one time or another, has featured shorts and newsreel shots from Florida's Cypress Gardens.

Thousands are flocking to Dick Page's Florida team, too. Youngsters have developed from flat-footed country girls and gawky boys to chomping, accomplished athletes.

Today the famed Aquamaid of Cypress Gardens are known throughout the nation and the world. At the Railroad Fair in placed second in the Men's Chicago's "Varsity Team" is Championship competition.

From where I sit ... by Joe Marsh

Sure You Haven't A "Blind Spot"?

As I was driving down Main Street, another car swerved right in front of me. It turned out to be Bob Blake. He wasn't going fast, but just that had something else on his mind at that particular moment.

Bob was one of the most efficient drivers I ever knew. But, sometimes he gets to day-dreaming on the road. He sort of gets a "blind spot" to what's going on about him!

Now, lots of normally considerate folks have their "blind spots."

RABIN IS SELECTED
(Continued from page 1)

for action. Approval was made of exchange of land needs be-
tween the city and town of
Belle Glade for land surrounding
Paradise park, which will
"square up" boundary lines at
that location. The contract be-
tween the City and the Central
Traction Company Corporation
of St. Louis, protected by
bond, for a five year mainten-
ance of city water tanks was
approved by the Board. The
water and millage ordinances
were given final reading.

The report of the Election
Board on the Tuesday election
showed that the election was
a resolution declaring Messrs.
Lloyd, Collins and Harris en-
itled to seats on the com-
mission for the next two years
was adopted. The Board
also approved the reorganization
of the Parks and Recreation
Department. Wiliams was ap-
pointed to the Parks and Recre-
ation Department. The Parks
and Recreation Department
is now under the direction of
Wiliams.

The new commission did not
transact any new business except
renting beer, wine and hard
liquor licenses to around a dozen
applicants, two of whom were
new petitioners. Permission
was granted to the Event
Hotel to build No. 2 American
Diner. Apartment.

**FOR RENT—Furnished apart-
ment** Apartment at Peeler's De-
partment Store. 9-15-tf

FOR RENT—About 11 acres of
land on Big Kramer Island \$100.00 per acre. See C. A.
Bailey, Belle Glade, Florida. 9-18-4t

FOR SALE—Three sugar cane mills, assorted sizes; one large
one, two medium, one small.
Operating ball mill, 11 ft. x 18 in.
drainage pump. W. Johnson,
NW Fifth Street, Phone 2752.
Belle Glade. 9-16-4t

**OPPORTUNITY OF A LIFE-
TIME!** Income way above
average. If you want to earn
over \$1000.00 a month, we
have the most outstanding Botanical
Laxatives and other medications
on the market. Will arrange
a 1/2 day interview with
you around the Lake area, or
any place you desire.

As a result of the great
effort of the members of the
Rotary Club of Collier County,
the Boys' Christian Club,
and activities in the Jewish
circles, and is now president
of the Board of Directors of
the Boys' Club of Belle Glade.

As the oldest member in
point of service he is entering upon
his fourth year as a member
of the City Council, and
as a member of the Municipal
Court. He is a member of the
Municipal Court and the Municipal
Court was by a majority vote of
the Commission membership.

Junius Harris, the retiring
Mayor, was invited to the
meeting to fill a vacancy
caused by the resignation of Geo.
Scarborough, and is now elected
upon his regularity elected
to the position.

Harris has been a conscientious
student of Municipal affairs
and laws, and was responsible
for many new protective
measures, including abolition
of gambling, obscene obscenities.

He also introduced innovations
in department practices, and
was responsible for the Civil
Service set up which have
been of benefit to their
employees and to the
city, and his regime has been
one of progress.

Adams has been active in
the community ever since he
came to the city.

HERE'S AN Idea
WORTH TALKING OVER
... can farming be made more profitable?

We're not promising the moon, but we'd like to see if we can help you make more money, or save work. We do know that on a good many farms we've been able to make recommendations that worked out profitably.

At least, it's an idea worth talking over. We are making farm visits all the time and hope to reach you soon. However, we invite you not to wait but drop in anytime. You'll find that we are really interested in discussing your problems and helping all we can.

We know that the future of the farmer depends greatly the efficiency of all farm operations. We know something about this subject. That's why we think it will pay you, as well as us, to "get better acquainted."

We are headquarters for Ford Tractors, Dearborn Farm Equipment, Ford Tractor and Dearborn Farm Equipment, and have the best service and any time for prompt, efficient tractor and implement service.

Delivered to your farm completely serviced, Ready to Go FOR ONLY \$1364 UP TO 18 MONTHS TO PAY

Belle Glade Motors, Inc.

OBSERVATIONS
(Continued from Page 1)
when they sustained vast losses, but now they are giving 100 percent cooperation, and are most eager for the program. They turned out in large numbers at a recent regional meeting at Kissimmee, which was attended by Senators Holland and Pease, and many of the "gray hats" of the Army engineering corps.

Have found out a part of the secret of what was the "ball" on Ralph's softball team, and why it put in so much energy in trying to win games. There was a secret pledge that if they won or lost, the players would stick together and not let the coach know what had happened. So, after the schedule was so abruptly closed, the players got out of town, so the trip was cancelled.

Well, that annual vacation has been enjoyed and now back to the old grind of getting our news for the Herald readers.

No more quiet or restful place could I have found than at St. Cloud where everything was quiet and peaceful. If it's firecracker were fired off in my section it would sound like atomic bombs exploding and ear drums just about as much commotion.

Peaceful night sleeping was broken by the early morning march of the horseshoe pickers, bird as he pointed out his mother's beautiful songs. Thus during the day the cocky, saucy Blue Jay, was present with his scolding chirp and the robins

came in with their song. But the prettiest song was that of the coots of quail who wandered to the back door to get the crumbs and grain that the missed planted there for them. They showed appreciation by their "Bob White" call.

I looked around my grove to see what storm damage I had suffered, and I was glad to find my wheat field had sustained only a nominal loss from storm threshing.

On the afternoon of our arrival, we were unable to come more than we have here in the hurricane period, and had I advertised my home for sale I could have termed it a "water bound island" for that was what it was.

One of the storm's casualties had I noticed on my trip was at Keweenaw where a large concrete garage building, erected two years ago, and which was used as a shelter last year, was completely demolished by the force of the high winds.

The Peavy-Wilson Lumber Co., which for two score years has operated its mammoth saw mill at Holopas, harvesting and manufacturing timber from eighty miles circumference, is now almost down, literally permanently. Not a stick of the huge piles of lumber which customarily filled the yards are to be seen, everything having been cleared up. The negro settlement is about deserted, most of the laborers being transferred by the company to Louisiana of Mississippi, from Florida, Osceola and Broward counties. The Peavy-Wilson company has harvested millions of feet of lumber, and paid out millions of dollars for the timber and labor. This place now is a deserted village.

Driving down through the pine forest, seen from Plant City to Lake Placid, one can see the great damage the storm had done to the groves and fruit crop. Grove ground almost completely covered with fallen trees, which, before the storm, a rich harvest and profits, now a complete loss. Remarkable the way cities had cleared up marks of the gale that had visited the central state region.

While away, I had one of the most unusual and unique fraternal visits of my life. Orlando Gandy, Jr., who has been visiting to one of their houses up aged members, and there held a lodge session over which the aged Patriarch presided. At a Past Grand Officer, I have received honors in many forms and places, but never under such circumstances as prevailed on that occasion. The job was most opportunity and pleasure to have participated in the event. This event was a case of fraternalism at work.

Think of the "Old Judge" going on a vacation and not getting in a bit of fishing, but that is what happened. Waters too high. The job he was that the two quarts of coffee I took along with me, just took their exodus from my cans over night.

The cities of St. Cloud and Zephyrhills were planned and established by the same GAR promoters some 30 years ago. Both are now flourishing towns depending largely on surrounding territory. St. Cloud is growing fast with new business and re-

sident property, but Zephyrhills is doing well, too, but a bit slower than the Osceola county city. Two more friendly cities would be hard to discover in the Glades. Both are dying off in both places, but other people are taking their places and building more prosperous cities, and not depending so much on pension monies as in the past.

With a 31 percent of the total vote of Miami, a special election indicated the election of a special Martin County Bridge and Road district by a vote of 933 to 271. This means that two new bridges will be built, one connecting the bridge at Jensen Beach. The bridge at the latter place was badly damaged by the recent hurricane. St. Lucie, however, did not make any changes in its city charter provisions, making it more easy to handle politics which might creep into the area.

The hero of the day was Sir Tommy Parker, who so deftly and nobly handled his tackle that although he won the trophy for most fish of fish caught, he kept his sidekicks in bait

out through the day. Dutch Wallis, Ray Whitlock and Al Garner did a bit of fishing on Palm Bay and Winne's Creek, and for the first time in many weeks, the bronze backs were biting. Whitlock told the other boys that he was going to catch them, and he did, with an eight pounder, which weighed seven when weighed in at the station. Each of the fishermen had three nice sizeable fish for their morning angling work and evening meal.

State Funds For Flood Project Awaits Action Of Legislature

Contracts for first-phase work on the \$208,000,000 flood control program are to be let within the next 60 to 70 days, it has been announced. First to be built are levees and dams in the northern East Coast cities. The entire project will cover a period of 10 years and will directly benefit 17 counties.

Colonel W. Pearson, Jacksonville, U. S. District Engineer, said he had been advised by the chief engineer to "completely advise" engineers to "completely operations in an amount of \$100 million for a period of 10 years where operations will be held until a decision is made," Pearson said, but the work would

not begin until the first of the year.

Fishing caught the local sporting headlines last Sunday when the big bass with a fish story from the director of East Glades City, on the Gulf of Mexico. The size of the story? Oh, merely 21 snoot, 3 redfish, 3 jacks, a 20 pound tarpon, and a 30 pound stingray. That's all.

SOUTH BAY BEAN CITY LAKE HARBOR

Mrs. L. M. Davis and sons, Bill, Burton and Donald, have returned from their summer vacation with their mother near Blakeley, Ga.

Anthony Sansone has entered St. Leo College Preparatory at St. Leo, Fla.

Mr. and Mrs. Marion Woodham and family have returned from Tignall, Ga., where they were called last week by the unexpected death of her father, W. M. Anderson.

Joe Hester of Ft. Lauderdale spent the week end with his mother, Mrs. Minnie Hester.

Mr. and Mrs. J. M. Templeton left Monday for Orlando called there by the critical illness of Mrs. V. C. Denton of Pahokee; patient at the Orlando hospital.

Mr. Nellie Mosley and three children of Wauchula, her sister Miss Alyne Reed of Avon Park

and Robert Cartwright of Wauchula, were the Saturday guests of Mr. and Mrs. Crittenden.

The moves indicated these special interest forces would defy the wrath of Florida citizens and the limitations placed on the special session by Gov. W. A. MacCann, who called it to solve the state's urgent financial problems.

Letting down the bars for entertainment of the "joker" bills can well be justified, according to a tourney that kept the regular session from completing its business. Tallahassee observers said.

It was felt that some structure attempt will be made to introduce another center of controversy, the Gulfstream racing bill which was defeated last spring.

Mr. and Mrs. H. C. Willits are enroute from Long Beach, California, where they have been guests of Mr. and Mrs. W. N. Christensen, their daughter, Ebbie Mae and son-in-law.

South Bay Schools Get Into Action With Enrollment Increased

Mrs. Editha Eckman, principal of the South Bay schools, reports everything moving very smoothly, classes having started last Wednesday.

Teachers were assigned to the various grades following registration Tuesday.

There are registered in the Junior High. Mrs. Eckman has the eighth grade home room of 20 pupils and Calvin Peacock the seventh grade with 23 pupils. Mrs. Editha Eckman teaches English, Peacock mathematics and social studies, Gervias McClure, science.

Seventy-eight pupils registered in the elementary school.

Mrs. Margaret Hess has the first grade of 17 pupils, Mrs. Olga Hardy, second, with 16 pupils, Mrs. Leslie Martin the third with 15 pupils and Mrs. Eddie Grade with 14. Mrs. Ruth Murphy has the sixth with 15 and the fifth with 12 pupils.

Mrs. Verda Higginbotham and Mrs. Anna White are in charge of the school cafeteria. All the children eat at one time this year instead of relays according to grades as formerly.

Class houses are operated by Mrs. Jewel Lovell, O. H. Martin is the janitor.

Blue Bell Liquor Store Hit By Fire Last Friday Night

The Blue Bell Package store at South Bay caught fire from a short circuit which led to the Neon sign. Fire Chief E. M. Willis stated that probably the wire had been twisted by the hurricane wind until the insulation was worn and thus caused the short.

Considerable damage estimated at not less than \$500 and probably not more than \$1,000 was done to the interior of the front and roof both being burned. Not much damage was done to the stock, he estimated, and the living quarters in the rear escaped damage except from the water.

Chief Willis and a group of volunteer citizens were soon on the scene and had the fire out within 20 minutes. The fire was reported by a negro passing the building. The water pressure was adequate, well over 100 lbs. throughout the period and the fire, Mr. Willis stated, worked perfectly.

This was the first building fire that has called out the fire department since the water was on system was installed and so the first testing of the water pressure during a fire. Water supervisor J. W. Warren stationed himself at the booster pump to see that it operated in case more water pressure was needed.

Beach Party

Mrs. Robert R. Roadman, accompanied by Mrs. Al Cumpton, chaperoned the Youth Fellowship group of the Presbyterian church, b. & f. party at Lake Worth Park, everyone.

Those in the party were Bob and Nada and Nadia Cumpston, Lucretia and Mariette Campbell of Smith Bay, Mary and Carol Bell, Ann, Leah, Bonita, Roland Whitlock, Jiminy Aunapua, Barney Bessant, Jimmy Reeser of Belle Glade.

As the special session of the legislature plunged last week into the critical problem of providing funds for the state budget, the first "joker" bill legalizing one-half pin ball machines was introduced in the Senate by Sen. Walter G. Walker of Dayton Beach.

The introduction of the bill substantiated statewide predictions that special interests would attempt to use the session for their own purposes by forcing "joker"

bills on horse racing dates, legalized gambling and pin ball machines before the legislators under the guise of being revenue raisers.

The moves indicated these special interest forces would defy the wrath of Florida citizens and the limitations placed on the special session by Gov. W. A. MacCann, who called it to solve the state's urgent financial problems.

Letting down the bars for entertainment of the "joker" bills can well be justified, according to a tourney that kept the regular session from completing its business. Tallahassee observers said.

It was felt that some structure attempt will be made to introduce another center of controversy, the Gulfstream racing bill which was defeated last spring.

Mr. and Mrs. Glenn Walker of Miami announced the birth of a son on September 11. Mrs. Walker is the former Miss Jewell Ellison.

Mr. and Mrs. H. C. Willits are enroute from Long Beach, California, where they have been guests of Mr. and Mrs. W. N. Christensen, their daughter, Ebbie Mae and son-in-law.

It was felt that some structure attempt will be made to introduce another center of controversy, the Gulfstream racing bill which was defeated last spring.

Mr. and Mrs. Glenn Walker of Miami announced the birth of a son on September 11. Mrs. Walker is the former Miss Jewell Ellison.

Mr. and Mrs. H. C. Willits are enroute from Long Beach, California, where they have been guests of Mr. and Mrs. W. N. Christensen, their daughter, Ebbie Mae and son-in-law.

South Bay Schools Get Into Action With Enrollment Increased

Mrs. Editha Eckman, principal of the South Bay schools, reports everything moving very smoothly, classes having started last Wednesday.

Teachers were assigned to the various grades following registration Tuesday.

There are registered in the Junior High. Mrs. Eckman has the eighth grade home room of 20 pupils and Calvin Peacock the seventh grade with 23 pupils. Mrs. Editha Eckman teaches English, Peacock mathematics and social studies, Gervias McClure, science.

Seventy-eight pupils registered in the elementary school.

Mrs. Margaret Hess has the first grade of 17 pupils, Mrs. Olga Hardy, second, with 16 pupils, Mrs. Leslie Martin the third with 15 pupils and Mrs. Eddie Grade with 14. Mrs. Ruth Murphy has the sixth with 15 and the fifth with 12 pupils.

Mrs. Verda Higginbotham and Mrs. Anna White are in charge of the school cafeteria. All the children eat at one time this year instead of relays according to grades as formerly.

Class houses are operated by Mrs. Jewel Lovell, O. H. Martin is the janitor.

Blue Bell Liquor Store Hit By Fire Last Friday Night

The Blue Bell Package store at South Bay caught fire from a short circuit which led to the Neon sign. Fire Chief E. M. Willis stated that probably the wire had been twisted by the hurricane wind until the insulation was worn and thus caused the short.

Considerable damage estimated at not less than \$500 and probably not more than \$1,000 was done to the interior of the front and roof both being burned. Not much damage was done to the stock, he estimated, and the living quarters in the rear escaped damage except from the water.

Chief Willis and a group of volunteer citizens were soon on the scene and had the fire out within 20 minutes. The fire was reported by a negro passing the building. The water pressure was adequate, well over 100 lbs. throughout the period and the fire, Mr. Willis stated, worked perfectly.

This was the first building fire that has called out the fire department since the water was on system was installed and so the first testing of the water pressure during a fire. Water supervisor J. W. Warren stationed himself at the booster pump to see that it operated in case more water pressure was needed.

Beach Party

Mrs. Robert R. Roadman, accompanied by Mrs. Al Cumpton, chaperoned the Youth Fellowship group of the Presbyterian church, b. & f. party at Lake Worth Park, everyone.

Those in the party were Bob and Nada and Nadia Cumpston, Lucretia and Mariette Campbell of Smith Bay, Mary and Carol Bell, Ann, Leah, Bonita, Roland Whitlock, Jiminy Aunapua, Barney Bessant, Jimmy Reeser of Belle Glade.

As the special session of the legislature plunged last week into the critical problem of providing funds for the state budget, the first "joker" bill legalizing one-half pin ball machines was introduced in the Senate by Sen. Walter G. Walker of Dayton Beach.

The introduction of the bill substantiated statewide predictions that special interests would attempt to use the session for their own purposes by forcing "joker"

or Robert Cartwright of Wauchula, were the Saturday guests of Mr. and Mrs. Crittenden.

The moves indicated these special interest forces would defy the wrath of Florida citizens and the limitations placed on the special session by Gov. W. A. MacCann, who called it to solve the state's urgent financial problems.

Letting down the bars for entertainment of the "joker" bills can well be justified, according to a tourney that kept the regular session from completing its business. Tallahassee observers said.

It was felt that some structure attempt will be made to introduce another center of controversy, the Gulfstream racing bill which was defeated last spring.

Mr. and Mrs. Glenn Walker of Miami announced the birth of a son on September 11. Mrs. Walker is the former Miss Jewell Ellison.

"Why Certainly...

we'll be glad to hang up so you can call the doctor"

Giving emergency calls the right-way is a mighty fine way to cooperate with your party line neighbors. It's the spirit that makes for friendlier, better service all round.

Many of our customers desire different types of service which are not generally available now—such as individual line or two-party line service. We have a record of all such applications and we're working hard to provide the cables and central office equipment necessary to furnish the desired service as soon as possible.

Mackey Produce Company, a Canal Point organization and prior to that time was field representative for Safeway Stores. Pioneer has also created a new sales department through which products will be distributed by Guy D. Wood Jr., formerly associated with J. C. Hutchinson & Co., at Sanford and Belle Glade has been named salesman for the new department which will feature celery, sweet corn, escarole, turnips, etc.

Secretary-treasurer of the organization is W. E. P. H. Wilson, who has served in his present capacity since the death of B. G. Wilson last spring.

General operating policies of the new organization remain unchanged, according to Mr. Wilson. Brands will continue to be "Frontier," "Scout" and "Sunbeam" except celery and corn will be under the "BG," "Chobee" and "Wham" brands.

Both Golden Heart and Paschal celery will be packed and shipped in volume. Pioneer first time in many years although celery growers in the organization are among the oldest and best known celery growers in the state.

Staple and mixed car and truck lots of all produce grown in the district will be available to the trade from both sales departments.

A petition for involuntary bankruptcy for the Okelanta Sugar Corporation was heard and denied by Federal Judge David L. Devine in Miami Monday. The action was brought by creditors of the company. The court held that no evidence had been presented showing there was reason to believe the corporation, to protect the company or the creditors interests, or that present operations should be disturbed, for that reason denied the creditor's petition.

Creditors acting on their claims were Arkell and Smith, \$10,995.00; Shaw Brothers, \$5,890; Proctor and Gamble, \$1,000.

While the recent storm wiped out a large percentage of tomatoes planted, East Coast farmers are replanting on an even larger scale. This has been intense in Indian River County at Ft. Pierce will in particular expand its planting. Some destroyed groves will be utilized for adding new and improved planting point.

Florida citrus groves this year yield 142,000,000 of fruit which has a gross value of \$307,668,000. Recent storm damages will greatly reduce the production record for 1950 with high prices expected.

Southern citrus growers and packers are fighting strong against a proposed 10 per cent increase in "Gift Basket" tax levied by the American Railway Express Company. Operators claim that a 20 percent decrease in present rates should prevent steady rate increases to make their business profitable. More citrus will be going to the concentrate plant as this combination has met with popular acceptance of the market.

Most of the local packing house operators have crews busy replacing blown down buildings and making necessary roof and other repairs. All

are doing their best to keep

Orlando Sanitarium Has New Superintendent

Dr. Thomas C. Black has been appointed superintendent and medical director. State Tuberculosis Sanatorium was also called the Orlando Sanatorium. Dr. Edwards, Chairman, State Tuberculosis Board announced here today. Dr. Black will assume his duties September 23. He succeeds Dr. Roger J. B. Lamar Veterans Hospital, Miami.

Hibbard who is resigning to accept another position.

Dr. Black has been in fulltime tuberculosis work since 1936. Dr. Edwards will also act as assistant superintendent and medical director of the Orlando tuberculosis hospital from 1943 until October, 1948. He left post to become clinical director, Hospital, Kansas City.

MAN BUYS

Continued from page 1 and since then he has been demanding the girl dress from the girl, which he had bought during the morning for \$8.00.

To settle this angle, the second man paid the girl \$1.00 each time she took off her clothes. Then a second time No. 1 man caught up and stopped the No. 2 car and this time pulled the dress off the girl, leaving her only a bra. His police

officer. He then pulled the girl out of the game and arrested D. M. Callaway, the No. 1 man. Judge Johnson partially heard the case but continued it to a second trial. Testimony of other witness not present and to determine whether perjured testimony had been presented.

Sunday was not a good day in three colored families and either assault or assault was charged and in each case \$20 and costs were assessed. One Frank Lowe, a

fire acting negro, did not like the fact that this woman Ezra Lee Winkler was tending bar. He used his car to drag her from behind her home and back across the street to their home. The court held that this was not a lawful act and so sentenced his wife to a little bothy beating and chastisement over her actions. His excuse for exerting man power was not accepted by the court. John Weeks also was a woman assaultor and he was given a suspended sentence.

The police were informed on Monday that the girl, a Negro, was staying at a camp near Okeechobee, Florida, residence in Colgate tag 7 at Okeechobee camp, had been robbed of clothing, radio and jewelry to the value of \$500. Later in the day the property was recovered and a suspect was recovered and a suspect was arrested in jail for investigation.

Another robbery was reported in South Florida, where the Texas girl had been taken and batteries, a radio, tires and other merchandise. This job is supposed to have been pulled by two youths traveling in a pick up truck, as well as a burglar job at Pahokee.

FIGHT TRAINING
FOR VETERANS IS
EASIER TO GET

Veterans may now take flight training under the G.I. Bill without necessarily submitting to Veterans Administration complete justification that the course will be taken in connection with a present or contemplated business or occupation. VA said yesterday.

This change in flight training policy is contained in Public Law 266, signed by Congress and enacted into law July 24 by the President, according to V. S. Parker, VA's Miami Regional Manager. Public Law 266 amends the Independent Appropriations Act of 1949 to provide VA's appropriations for the Fiscal Year which began July 1, 1949. Instead of complete justification, VA said, veterans can take G.I. Flight Training now may submit to VA (1) A certificate in the form of an affidavit signed by him and (2) corroborating affidavits from two disinterested persons. The affidavits must show that flight training will be useful to him in connection with earning a livelihood. In the absence of substantial evidence to the contrary, VA will accept the affidavits as constituting compliance with the law. After the affidavit, the veteran also may submit a certificate showing that he is physically qualified for flight training, in accordance with the Civil Aeronautics Board regulations, to obtain the type of license that will enable him to attain his employment objective.

"Competent disinterested persons" VA said, means those qualified by reason of their personal knowledge of facts and circumstances to testify regarding the veteran's use of flight training in connection with earning a livelihood. Such persons also are to have "no interest whatsoever, either personal or pecuniary, in the veteran's non-pursuit by the veteran of the desired course of flight training," VA said. Affidavits by members of a veteran's family, relatives or employees of flight schools do not constitute evidence of disinterested persons.

The corroborating affidavits must be submitted and defined the following points:

1. Identity of the applicant for G.I. flight training.
2. The character of the relationship between the veteran and the person supplying the affidavit.
3. The basis and source of asserted knowledge of the nature to which the person supplying the affidavit is testifying.

VA said that veterans desiring flight training under the G.I. Bill may, if they wish, submit complete justification that the training would be in connection with their present or contemplated business or occupation—rather than submit affidavits authorized by the new law.

VA emphasized that, with the exception of flight training, Public Law 266 contains for another year the restrictions on avocational and recreational training, which first went into effect July 1, 1948.

VA said that part of the appropriation may be used to pay for any courses which the Administrator of Veterans Affairs determines to be avocational or recreational. If a veteran wants to train in any course which is frequently pursued for avocational or recreational purposes with the exception of flight training, he must continue to submit to the VA Regional Office complete justification that the course he wants is in connection with his present or contemplated business or occupation. Prior approval of the Regional Office must be obtained before such training may be started.

Don't Forget To Get Your Drivers License

The month of September is designated as the time for renewing your present driver's license, and it will be troublesome to get after that date, you will have to go to an examination just as though it had not had one previously.

The Harris Insurance Agency in the Bldg. 1000 Building is the place to go for them.

The number issued so far this year is not up to that expected. You know these drivers' licenses go towards paying for your State Highway Patrol, and you don't want them to go lacking.

No Football Banquet To Be Staged This Year

The Belle Glade Rotary and Lions clubs, which annually sponsor a banquet for the Golden Rams, at the close of the football season, have decided to eliminate the function this year. However, the Bill Adams trophy cup award program will be continued as in the past, with the ceremonies on the field of the winning team.

Airport Dedication Set For October 2nd

The August hurricane canceled the date for the dedication of the new Palm Beach County Airport at Bacon Point near Pahokee. The county commissioners have tentatively set October 18 as the new date for the dedication ceremony.

The new \$200,000 airfield was reportedly only slightly damaged by the recent storm. The full program for the event will be issued later in the month, but it will be quite an event.

Churches of Christ, Scientist

"MATTER" is the subject of the new "Sermon" which will be read in Christian Science Services throughout the world on Sunday, September 18.

The Golden Fiftieth: "Tremble, earth, at the presence of the Lord, at the judgment of God." (Isaiah 11:14.)

Among the stations which broadcast the following from the following in the Bible: "And when Jesus was come into Peter's house, Simon Peter was sick of a fever. And he touched her hand and the fever left her: and he said unto her, 'Thine sins are forgiven thee: go thy way, and sin no more.' (Matthew 12:31-32.)

The sermon also includes the following passage from the Christian Science textbook, "Science and Health With Key to the Scriptures": "The Prince of Peace, the God of Truth, the Master of Righteousness. They are set apart in Jesus' demonstration, which show—by his life and death—what is right and what is wrong, what shall be destroyed, what preserved, what is to be done, what is to be left, and what is to be done."

The sermon also includes the following passage from the Christian Science textbook, "Science and Health With Key to the Scriptures": "The Prince of Peace, the God of Truth, the Master of Righteousness. They are set apart in Jesus' demonstration, which show—by his life and death—what is right and what is wrong, what shall be destroyed, what preserved, what is to be done, what is to be left, and what is to be done."
